OUR MISSION

Two Fussy Blokes make a positive contribution to the industry through listening to our customers and focusing on values that matter.

WHEN NOTHING BUT THE BEST WILL DO.

People

People are our reason, respect and interaction with staff, suppliers, distributors and customers.

Ownership

We believe that we are accountable for our company's quality, in product, in delivery and in service. We as "Two Fussy Blokes" are ultimately responsible!

Transparency

We truly value open-mindedness and transparency when we communicate. We believe it is the best way to build trust within teams.

Passion

We are passionate about the trade. It is the driving force behind our product and the way we do business. We seek to join with equally passionate people in the delivery of our products to the market.

Ethics

We strive to maintain the highest standards with our customers, and we stand behind the promises we make.

Celebrate success

We work hard but we also take time to celebrate the successes with those that make it happen.

**You could say we're particular
about painting, obsessive
even, and you would be right.
So when we couldn't find any
painting tools that lived up to
our very high standards, we
created them.**
